SUPPLEMENT TO REPORT NO. 25X1X

25X1A *  Comment. It was previously reported that the SCC had   of damaged locomotives. See  documentary evidence; 717 state-owned,  narrow-gauge damaged locomotives were available in the  July 1951. The statement  is believed to be correct, as the current repair of operational locomotives was made possible only by cannibalizing damaged locomotives. 25X1A
